Being rec-ommended to try Hood's Sarsaparilla, I took four bottles and am perfectly well, I cheerfully recommend Hood's Sarsagarilla as one of the best blood purifiers in the world." W. F. Wood, Bloomington, Ill.

ANOTHER BIG STRIKE.

FIFTEEN HUNDREEN OF ARMOUR'S BEEF MEN REFUSE TO WORK,

CHICAGO, Nov. o. - The strike at the yards has commenced to spread Fifteen hundred of Armon's beef men refused to go to work Friday morning. In Armour's new house there are about 200 men at work. Commit-tees from the ranks of the strikers were ac-tively at work trying to induce them to

quit.

A large number of the imported men employed by Nels Morris were persuaded to keep away from the house Friday morning. There was no disturbance in the vicinity of the packing houses, although there was a large crowd standing around waiting to see what would turn up. About fifty regular Town of Lake policemen were on duty in the yards and no danger was anticipated from any inability on their part to preserve orany inability on their part to preserve or

Friday morning for shipment to the east, and it was said that Swift & Co. were doing the same. This was denied by an employe of the latter firm, who said that the house would start up on Mr. Swift's arrival Friday morning. Mr. Swift got to the yards at 7:30 o'clock, but an hour later there were no signs of life around his packing-house.

The men seemed hopeful of success and expressed implicit confidence in the executive committee of the district. The packers apparently mean business, although they are less demonstrative than were the pork packers in the last strike. The whole trouble this time is said to hang on a mistake made by Mr. Barry, who had charge of the settlement of the last dispute. At that time there was an agreement between the packers and the beef-butchers that eight hours should be a day's work for the next year, and that there should be no strike on the part of the men. When Barry ordered Armour's beef butchers out the existing agreement was broken, and the packers and the torse claim that as it was violated on one side it was no longer binding on the other, and they consequently claim the right to return.
